Dear Myriam,

I am writing to thank you for the amazing opportunity you have given me in the Recovery Consulting business Package.

As you are you know I am wheel chair bound due to a car accident 5 years ago, since then I have struggled to Find something a business that could give me the mental stimulation and income I was seeking. Due to my disability and limited budget many were just not viable. Then I came across your business information program.

I placed my order in less than 48 hours of reading your material, and of course was terrified whether I could ever Make a go of it.

Today, less than 6 months after buying the RCP, I am pleased to report a profit of A little over \$25,000!
Now, \$25,000 isn't a lot of money to some people but when you filter in the fact that I was learning it all during that period the fact that I rarely need to be away from my home to generate that income and that my first year in Business and that I'm going to generate around \$50,000 in income and that expenses in this industry are less than 5% of my total income I must say, that's bloody terrific, especially for my total investment of less than \$4000!

I know of businesses you buy for over \$200,000 that don't have the same income or potential and are not a lifestyle Business like the recovery business. As you can guess, I am totally stoked.

You are a remarkable woman and you have a good business there, doing good things for people like me.

Keep spreading the word (even though that'll mean a bit of competition for me), there is a lot of people who need something like the Cre8 Australia business program and you are doing something good, and I wish you the best.

Thank you,
